

SP 28.1, Bonds

Administrative changes made for the 4/13/06 version:

1. References to LLNL and LANL have been deleted to make this into a lab-specific SP.
2. Since the requirement for waiver of a bid guarantee requirement is the same for using sealed bidding or negotiation, the language distinguishing between the two has been deleted.
3. Prime Contract Clause number updated to conform to Contract 31.
